		Barrie Cassidy's dad Bill survived more than four years as a			
		prisoner of war in World War II. He first saw conflict on			
		Crete in May 1941, during the only large-scale parachute			
		invasion in wartime history. Just four days later, Bill was			
		wounded and eventually captured. Twice he tried to escape			
		his internment; with horrific consequences. He suffered			
		greatly but found courageous support from his fellow			
		prisoners. His new wife Myra and his large family thought			
		he was dead until news of his capture finally reached them.			
		Back home, Myra too was a prisoner of sorts, with her own			
		secrets. Then, fifty years after the war, unhealed wounds			
		unexpectedly opened for Bill and Myra, testing them once
